Como primer paso te proponemos enviarfe una carta a uno, o más, candidatos presidenciales para expresarles tu preocupación por la gravedad del problema. En esta página podría seleccionar al candidato y enviarle to carta por twitter, a su equipo de campaña por como electrónico o, bien, imprimirla y mandarla a la antigüita a sus eficinas. Puedes usar el siguiente texto como modelo, o escribir tu propia carta.

Cuando llegue el 2 de julio y tengamos un Presidente electo, te avisaremos aqui mismo cual es la siguiente fase.

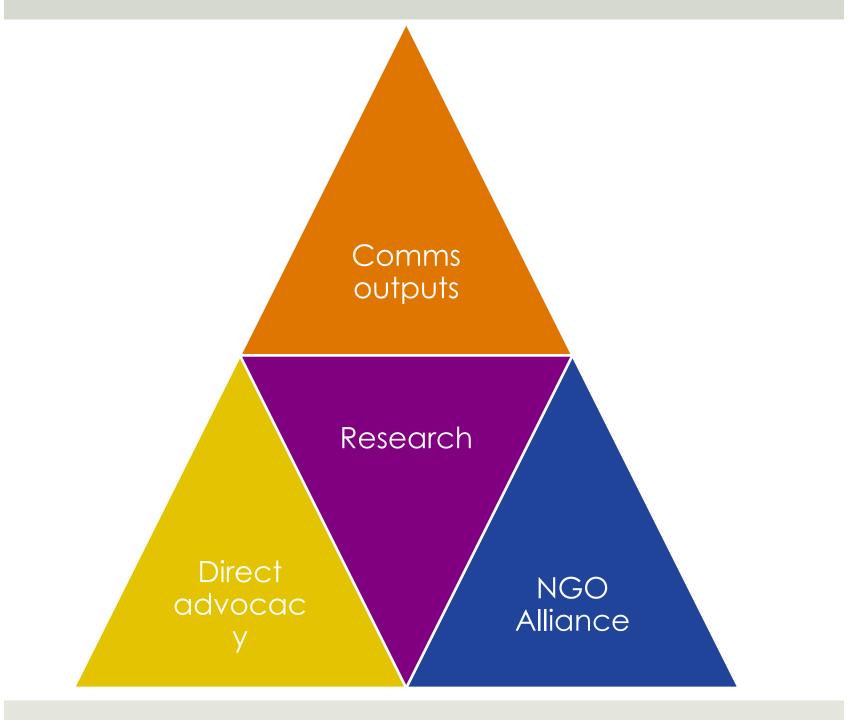

Selecciona a tu candidato

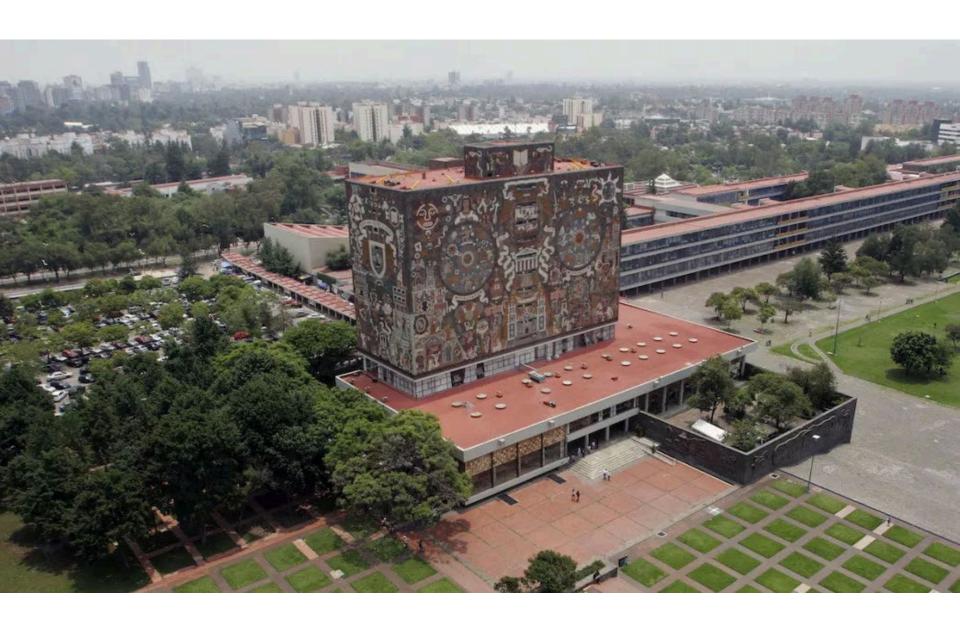

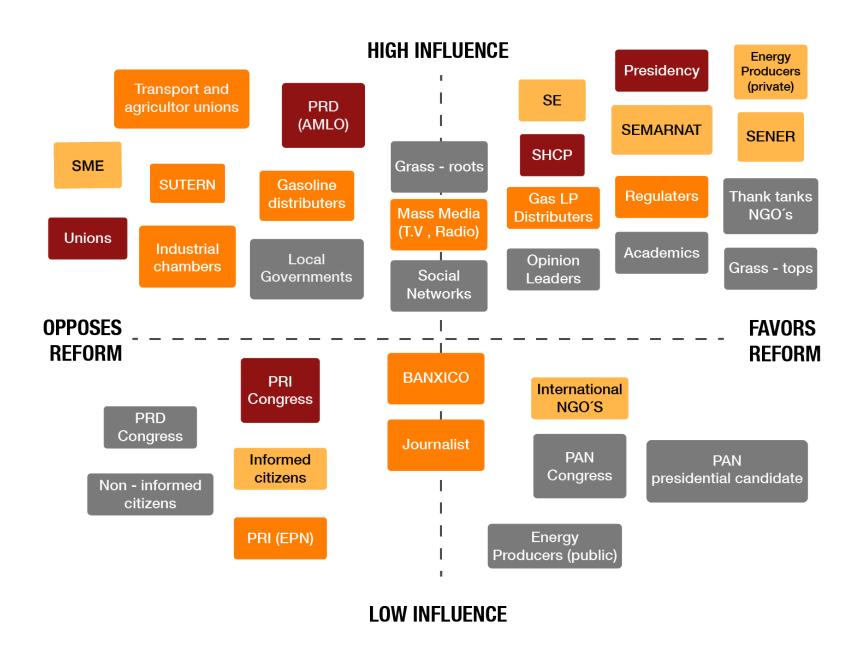

"If subsidies were actually in place, prices wouldn't be so high"

"Instead of eliminating subsidies we should eliminate corruption in PEMEX"

"we should be using our own oil instead of importing"

GASOLINAZOS: gov arbitrarily raising prices

Message grid

Audience	What they believed then	Our message
Congress	Nothing to gain from reform	Credit claiming; being the first Legislature to address the issue
NGOs	The issue has no support / no relation to them	A strong advocacy network could impact policy
Journalists	No clear position or disingenuous framing	Inefficient spending is a relevant problem that needs attention
Informed citizens	"It is our right because we pay our taxes"	Opportunity cost, social injustice
